Delivery & payment

INSIDE BHUBANESWAR

A flat **₹50** on every order, whatever you choose. That is the whole amount — nothing extra to pay at the door.

OUTSIDE BHUBANESWAR

We courier outside the city. The courier charge depends on the destination, so we confirm it with you on WhatsApp **before you pay**. You will always know the full total first.

HOW YOU PAY

By UPI. Once you tell us what you want and we confirm the total, we send the UPI request on WhatsApp. Nothing is made before the payment lands.

How ordering works

MAKING TIME

Every piece is crocheted by hand after you order, so the time depends on what you choose. Tell us what you would like and we confirm the date with you on WhatsApp before you commit.

COLOURS

Tell us the colours or the mood you want — pink, red, yellow, pastels — and we will match it. Custom colour matching is part of every order.

GIFT TAG

Every order ships with a handwritten gift tag. Send us the words you would like written and we will add them before it is wrapped.

Why it never fades

Crochet flowers are not cut and dried — they are stitched. No water, no sunlight, no wilting. The petals hold their shape and colour for years, which is exactly why they keep working as anniversary and birthday gifts long after a fresh bouquet has gone.

READY WHEN YOU ARE

Message us on WhatsApp

Send the name of the piece you want and we will reply with photos of the colours currently on the hook, the total and the date it will be ready.
